PURPOSE:

To establish a policy for ensuring compliance with Florida's Public Records Law and to establish fees that may be charged in accordance with Florida law.

POLICY:

In accordance with Florida's Public Records Law, Chapter 119, F.S. records in the custody of the Martin County Supervisor of Elections are open for inspection and copying by any person, at any reasonable time, under reasonable conditions, and under supervision by the custodian of the public records, with the exception of those records specifically exempted or made confidential by law.

PROCEDURE:

Requests for public records may be made in person, by phone, in writing or by email to elections@martinvotes.com and will be handled as expeditiously as practical once a request is received. If the request is complex and involves a variety of sources, data will be provided in phases, if necessary.

Per Florida Statute 119, agencies are not mandated to create new records in order to accommodate a request for information.

Requester is not required to provide identification and may remain anonymous. The request does not have to be in writing and the reason for requesting the information does not have to be stated.

Inspection of records will take place during normal business hours. Assistance will be provided free of charge except when extensive time by personnel is required to provide records (in excess of 30 minutes). Use of personnel includes, but is not limited to, time to search for documents, redact exempt data, photocopy records, protect records during inspection and re-file records post inspection.

Extensive use charges will be based upon labor costs of \$10.00 per hour after the first 30 minutes of personnel time is required, in addition to the actual cost of duplication.

Charges for public records requests are based on F.S. 119.07. Requests will require a deposit in the amount of the estimated cost to be made in advance. Cash is acceptable. Checks should be made payable to: Martin County Supervisor of Elections. A receipt will be provided. All returned check fees will be the responsibility of the requester.

Extensive use charges will apply for any request that exceeds 30 minutes.

All public records requests will be forwarded to the Supervisor of Elections or Chief Deputy. If Supervisor or Chief Deputy are unavailable, staff will write the request, verify the information with requestor and forward to Supervisor of Elections or Chief Deputy to acknowledge the request and provide a timeframe for response.

Florida Statutes have established certain information is exempt from public record requests. When necessary, exempt information will be redacted as required by statute.

Retention and disposal of public records will be in accordance with General Records Schedule GS3 for Election Records and General Records Schedule GS1-L for State and Local Government Agencies, as established by the State of Florida Bureau of Archives and Records Management.
