

Ethics Training Courses

Important Note: Under the requirements of the new 2013 legislation highlighted below, the four hours of training for constitutional officers must include (at a minimum) information on the State's Code of Ethics, the Sunshine Law (public meetings), and Public Records. By taking all three individual comprehensive modules, Constitutional officers will not only meet the new requirements, but become well versed in all aspects of these laws.

Section 112.3142(2)(a), F.S., states: All constitutional officers must complete 4 hours of ethics training each calendar year that addresses, at a minimum, s. 8 Art. II of the State Constitution, the Code of Ethics for Public Officers and Employees, and the public records and public meetings laws of this state. This requirement may be satisfied by completion of a continuing legal education class.

Disclaimer: The Florida Ethics Commission adopted CEO 13-15 at its meeting on September 13, 2013. The opinion addresses a number of questions regarding the training requirement found in Section 112.3142, Florida Statutes, including that "hours," for this purpose, may be measured in 50-minute increments.
